➤ About Us

Education Mitra

Education Mitra was built with a simple belief—every student deserves the right guidance to make an informed decision. From discovering courses and universities to comparing options, we help students move from uncertainty to informed decision-making.

● Our Vision

To become India's most trusted education guidance platform that empowers learners with reliable information and meaningful guidance.

● Our Mission

To simplify university selection through personalized mentoring, trusted partnerships, and transparent information.

● Our Core Values

We believe in integrity, transparency, student-first guidance, and building long-lasting relationships based on trust.

➤ Our Journey

Growing With Every Milestone

2021 – Education Mitra Takes Shape

Education Mitra emerged as a dedicated digital platform for online and distance learning programmes.

2022 - Expanding Our Network

Education Mitra expanded its university and program ecosystem to serve diverse learner needs.

2025 – Opening Doors to Global Opportunities

Added international education opportunities to its growing ecosystem.

2026 - Strengthening Career-Focused Learning

Expanded access to professional certification and industry-oriented programmes.

Explore professional certificates and diplomas designed to help you develop relevant knowledge and skills.

➤ Compare Options

Choose Right University

Education Mitra helps you explore 110+ national and international universities offering online and distance learning opportunities across diverse academic and professional domains.

Compare What Matters

Choosing a university is about more than a familiar name. Consider the factors that can shape your learning experience, including programme structure, learning mode, fees, eligibility, curriculum, and student support.

Understand Your Options

Get a clearer view of programme details, admission requirements, documentation, learning format, and next steps—so you can evaluate your choices and move forward with greater confidence.

➤ Choose Your Learning Mode

Learn Your Way

Whether you prefer the convenience of digital classrooms or the flexibility of distance learning, Education Mitra helps you explore learning options that fit your academic goals, lifestyle, and commitments.

Online Learning Programme

Learn From Anywhere, Anytime

Study digitally through online lectures, e-resources, academic support, and other technology-enabled learning experiences, depending on the university and programme.

Distance Learning Programme

Self-Paced Learning with Greater Flexibility

Pursue your programme with a flexible learning structure designed for students who may prefer less dependence on regular classroom attendance, subject to the university's programme format.

Whether you are beginning your academic journey or building on existing experience, the right learning mode can make your plan more sustainable and successful.

➤ Get Personalized Guidance

What to Choose?
